The 13.5 volt battery stands as a versatile and essential component in the realm of portable power solutions. Designed to cater to a variety of devices, these batteries offer a balance between size and ...

TalentCell Rechargeable YB12011000-USB Lithium ion Battery Pack is designed specifically to integrate with our Light bars, Flexible LED Lights, Digital cameras, Booth lighting, Bluetooth speaker, Fish finder, or most 12V/9V/5V DC electronic devices.

Energizer Ultimate Lithium AA batteries are highly praised for their exceptional longevity and reliability across various devices. Guests appreciate their performance in high-drain gadgets like cameras and ...

They may be configured in series, parallel or a mixture of both to deliver the desired voltage, capacity, or power density. Packs are identified by cell size, number of cells, battery structure, chemistry, ...

These MaxAmps Lithium ion batteries are 13500mAh (milliamps) or 13.5Ah in capacity. As with all our Lithium ion cylindrical batteries, they are assembled in the USA by our Battery Builders here at ...

Whether you need a compact single-cell pack for portable electronics or a high-capacity multi-cell pack for RC vehicles or robotics, our Lithium Ion Battery Pack provides the power and reliability you need.

We carry a number of rechargeable lithium ion battery packs. These battery packs are light-weight, eco-friendly, provide long battery life, and are fully PCB protected.

This powerful little battery pack is very flexible, it can act as a 5 volt battery or a 19 volt battery with 14 steps in between. It can also act as a variable voltage UPS power supply.

MaxAmps lithium battery packs are assembled in the USA with factory fresh lithium battery cells. Our lithium battery packs work best in high performance applications including UAV, drones, and robotics.
