We tailor battery packs to your voltage, capacity, size, shape, discharge rate, and communication needs (CAN, SMBus, etc.), for sectors like EVs, ESS, medical, and more.

This Li-Ion battery pack is maintenance free, and has a longer run time with a shorter recovery time than equivalent lead acid battery packs. It weighs 70% less and takes 60% less space than equivalent ...

The 24V 26AH lithium-ion battery pack has emerged as a versatile and reliable power solution across various industrial sectors. With its optimal balance of voltage, capacity, energy density, and compact ...

PLB 48V 26AH Lithium-ion AGV batteries, using 26650 LiFePo4 cells offer longer runtimes and faster charging than traditional lead acid options, allowing for greater productivity and cost ...

The LithoGreen 48V 26Ah NMC Battery is built for performance, safety, and everyday reliability. Designed using Grade A 18650 NMC cells, this lightweight yet powerful pack is ideal for electric ...

What is a 48V 26AH Lithium Ion Battery Pack? A 48V 26AH lithium-ion battery pack consists of multiple lithium-ion cells configured to provide a nominal voltage of 48 volts with a ...

Hi-Power Lithium Ion Battery Pack 7S12P 18650 24V 26Ah with Built-in BMS for E-bike/ E-scooter. 4.5Kg (Appr.) 2.Applications. 1) Telecommunications: Cellular phone, interphone, blue tooth ...

This is the 48V 26Ah E-Scooter which directly supports Hero Flash, Hero Optima, Hero NYX, Yo Bike or any other 48V battery system. This NMC chemistry based Lithium Ion battery is best suited for ...

Lightweight and Portable Design: Weighing in at a fraction of traditional batteries, this 60V lithium battery is compact and easy to transport. Perfect for indoor charging and storage to prevent ...

Upgrade your electric vehicle with our high-performance 48V Lithium-Ion (NMC) Battery, engineered for

26Ah lithium battery pack

maximum power and efficiency. Ideal for E-Bikes, E-Scooters, and compatible with both Hub Motors ...
