An Enphase inverter allows one grid-tie inverter per solar panel instead of one inverter per solar array. The Enphase Microinverter system is a fully integrated ...

Enphase IQ 7X takes microinverter technology to the next level, offering the smartest and simplest home power inverters. It is designed for high-powered solar modules and is compatible with 96-cell panels ...

Enphase's seventh-generation microinverters are powered by our unique software-defined architecture, offering an efficient design with a single hardware SKU worldwide.

Wondering which microinverter is right for you? Compare Enphase IQ Series Microinverters - and choose the best one for your solar system.

IQ Microinverters extend the reliability standards set forth by previous generations and undergo over a million hours of power-on testing, enabling Enphase to provide an industry-leading warranty of up to ...

The Enphase IQ8 microinverter series includes five distinct models, each designed to pair optimally with different solar panel types. Understanding the specifications of each model is crucial ...

The charge for your At-home Consultation will be processed through Enphase's Store. If you choose to accept your installation quote, you will pay for the installation separately via the 365 Pronto Platform.

With IQ Microinverters, each solar panel operates independently while central inverter systems limit their production to the weakest module. If shadows or clouds pass overhead, IQ Microinverters use ...

Explore how Enphase Micro Inverters elevate your solar experience with unmatched efficiency and durability. Find out if they're the right choice for you!

With IQ8 Series Microinverters, Enphase Energy Systems are flexible and scalable. Expand existing IQ7

Enphase micro inverter models

systems with IQ8 Microinverters or start with an IQ8 Solar Only system and, as energy needs grow, ...

This comprehensive guide covers everything you need to know about Enphase micro inverters, from technical specifications to installation requirements, helping you make an informed ...

Designed for higher powered modules, the smart grid ready Enphase IQ 7 Micro(TM) and Enphase IQ 7+ Micro(TM) are built on the seventh-generation platform and achieve the highest efficiency for module ...
