-----  
What is an IP65 enclosure?

Enclosures with the IP65 rating are suitable for outdoor use and for indoor applications where factory washdown may occur. (Plastic IP65 enclosures must be UV rated if used outdoors.) They are commonly used for enclosing industrial controls and housing electronics used in alternative energy, security/lighting, and agricultural equipment.

Are Bud enclosures IP65 rated?

Bud offers a broad line of IP65 rated enclosures in materials ranging from plastic to fabricated steel. Enclosures with the IP65 rating are suitable for outdoor use and for indoor applications where factory washdown may occur. (Plastic IP65 enclosures must be UV rated if used outdoors.)

Are sn boxes IP65 rated?

The SN Series is a good example of a sheet-metal box that meets the IP65 rating. Fabricated of 14 gauge steel, an SN enclosure is both strong and environmentally sealed. The vast majority of our IP65 rated enclosures are covered by our 5-Day Modification Program, the fastest turnaround in the industry.
