an explanation of something an explanation for something e.g. He changed all my sentences, but he didn't provide any explanations of/for the changes made. e.g. The document ...

To understand these parameters, we need to take a look at the I - V Curve as shown in figure 2 below. The curve has been plotted based on the data in table 1. Table 1. The cell parameters are given by ...

The article provides an overview of photovoltaic (PV) cell characteristics and key performance parameters, focusing on current-voltage behavior, energy conversion efficiency, ...

The behavior of an illuminated solar cell can be characterized by an I-V curve. Interconnecting several solar cells in series or in parallel merely to form Solar Panels increases the overall voltage and/or ...

These two sentences are from the Cambridge Online dictionary: Could you give me a quick explanation of how it works? What was her explanation for why she was late? I am not ...

Hello! I'm writing explanations for some problems. I searched these problems on the internet and found wonderful explanations. In my notes regarding a problem I want to give ...

The article provides an overview of photovoltaic (PV) cell, explaining their working principles, types, materials, and applications.

Each grammar definition contains an explanation, cross-references to other relevant grammar terms and links to related content. Study grammar using our growing collection online ...

The article provides an overview of photovoltaic (PV) cell characteristics and key performance parameters, focusing on current-voltage behavior, energy conversion efficiency, and ...

# Explanation of the characteristic curve of photovoltaic panels

To me "explanation why" seems like an abbreviated version of "explanation as to why", but I would like to know if either is more correct, or both are incorrect in the strictest sense.

Hello everyone. I would like which of the prepositions to/for/of could be used in the sentence: "It provides an explanation to/for/of the problem"; Thank you very much in advance.

The Solar Cell I-V Characteristic Curves shows the current and voltage (I-V) characteristics of a particular photovoltaic (PV) cell, module or array. It gives a detailed description of ...
