Our proven HELIOS Solarator(TM) products are mobile, containerized renewable energy stations trusted by major corporations and government bodies on remote, regional, and urban sites.

We are offering mini renewable power stations in a Off-Grid shipping Container ready to be deployed worldwide. These include solar PV panels and mountings.

The Simplex Solar-5 is a very large capacity, resistive/inductive portable load bank capable of 0.8 power factor loads to 5.0MVA (4.0MW, 3.0MVAR). The Solar-5 is designed for low voltage application to ...

ForeverPure Power Containerized Energy Storage Systems are complete solar inverter and renewable energy storage units to enable consumers to get the most from their solar power.

In this article, we'll introduce the Li Cube solar container, a Canadian-made, plug-and-play solution built for fast deployment and year-round performance, now available through IOTG Solar.

This is the product of combining collapsible solar panels with a reinforced shipping container to provide a mobile solar power system for off-grid or remote locations.

Low Voltage Battery System: Ultimate Flexibility & Safety Ideal for residential and small to medium commercial applications, our low-voltage systems offer safe, flexible, and scalable energy storage.

Cool-Watt™ is a solar power plant designed as a 20 feet maritime container, pre-cabled and pre-tested so that it can be deployed in less than 1 hour without civil engineering or specialists.

RPS supplies the shipping container, solar, inverter, GEL or LiFePo battery bank, panel mounting, fully framed windows, insulation, door, exterior + interior paint, flooring, overhead lighting, mini-split + ...

Genuine Product Guaranteed for Low-Voltage Solar Containerized Units

Whether you need a compact 100 kWh container or a massive 5 MWh containerized battery, our systems are custom-built to your exact requirements. Scale your storage seamlessly with our ...
