Should federal agencies purchase GSA approved containers using National Stock Numbers?

The Information Security Oversight Office (ISOO) issued a notice requiring federal agencies to purchase GSA Approved containers using National Stock Numbers through GSA Global Supply.

Can classified information be stored in non-GSA approved security containers?

Effective October 1, 2012, classified national security information cannot be stored in non-GSA approved security containers. See 32 CFR, Part 2001.43 (b), "Requirements for physical protection" for more information. Any classified material stored in non-GSA approved security containers should be moved immediately.

Can a non GSA approved security container be moved?

Any classified material stored in non-GSA approved security containers should be moved immediately. All GSA-approved containers must have a GSA approval label, or a GSA recertification label on the front of the equipment in order to store classified National Security Information (NSI) or weapons.
