Huawei remains a top-tier producer of photovoltaic inverters, commanding 23% of global market share as of Q1 2025 according to Wood Mackenzie's latest renewable energy report. But how ...

Huawei and Sungrow ranked as the top two global solar inverter manufacturers for the first half of 2025, based on the "Global Solar Inverter Manufacturer Rankings H1 2025" report from Wood ...

Huawei delivered 176 GWac of PV inverters and extended its global lead with strong performances in China, Europe, Latin America and Africa. Sungrow delivered 148 GWac, ranking ...

The overall global PV inverter market shrank more than 4 percent in 2014 to reach \$6.6 billion, as intense price competition continued and demand shifted further toward lower-priced markets.

Wood Mackenzie has published its global solar inverter manufacturing ranking for the first half of 2025. The ranking places Chinese manufacturers Huawei and Sungrow at the top of the list,...

Key players in the market include Schneider Electric, SolarEdge, and Huawei. Challenges include high costs and safety risks, yet innovation and smart inverter trends support ...

Nine of the top 10 PV inverter suppliers are based in China. Huawei and Sungrow retained the top two positions for the 10th consecutive year, together accounting for 55% of the global market.

Industry stalwarts Huawei and Sungrow topped the leaderboard for the tenth straight year and tightened their grip in the process. The pair shipped a combined 324 GWac--roughly 55 % of all ...
