LONGi Solar is a Tier 1 manufacturer of solar panels renowned for its monocrystalline technologies and the latest innovations. LONGi was incorporated in 2000 and has focused exclusively on ...

LONGi Solar is the world's leading manufacturer of high-efficiency monocrystalline silicon wafers and PV modules. With advanced HPBC and PERC technology, LONGi delivers reliable, high-performance ...

LONGi Solar focuses on manufacturing monocrystalline PV cells and panels. The company also offers building-integrated photovoltaic solutions (BIPVs) and alkaline water electrolyzers.

Embrace the power of solar energy with LONGi, the global leader in monocrystalline solar panels. Discover their range of high-performing products.

Through LONGi Solar's singular focus on monocrystalline silicon, their dedication has resulted in the creation of higher efficiency mono products. LONGi Solar modules range in power from 295W to ...

Longi's monocrystalline PERC technology enables their panels to achieve exceptional efficiency levels. With high conversion rates, Longi solar panels can generate more electricity from ...

They produce highly efficient and cost-effective solar panels for value based solar power systems. One of the largest suppliers of mono-crystalline silicon wafers in the world, Longi Solar achieves a better ...

LONGi launched its mono-PERC modules in 2016, featuring integrated PERC technology on monocrystalline silicon and low light degradation, and its cell efficiency has increased from 21% to ...

LONGi Solar might be just the answer. Known for its reliable and high-quality monocrystalline solar panels, LONGi stands tall in both residential and commercial markets. Since its ...

The company specializes in the production of high-efficiency monocrystalline solar panels and silicon wafers,

Longi Solar s monocrystalline panels

offering innovative solutions for a sustainable energy future.
