What is La Marche multiple entry NEMA 3R enclosure?

La Marche multiple entry NEMA 3R enclosure allows for easy access for installation. This environmentally controlled battery enclosure can accommodate a wide range of battery sizes prolonging battery life. Modular Enclosure design allows for future expansion.

How does a NEMA 3R battery enclosure work?

This NEMA 3R Battery Enclosure is designed to maintain safe levels of released hydrogen through two methods of ventilation. One method is a thermostatically controlled ventilation fan that's also controlled either by a timer or a hydrogen sensor. The other method is a passive ventilation feature that's inherited in the design of the enclosure.

Are NEMA type 3r enclosures good for power distribution equipment?

Although type 3R enclosures can protect equipment from falling dirt, they won't be as reliable for keeping gear safe from incoming windblown dust. Nevertheless, thanks to their defensive qualities, we offer NEMA type 3R enclosures for our custom power distribution equipment.

Exponential Power designs and builds custom DC enclosures for battery systems and/or chargers. A typical cabinet integrates batteries, racking and chargers into an indoor (NEMA 1 or 12) or outdoor ...
