We have deployed Solar Power Container units at three of our mines and the results have been outstanding. The ease of transportation and short installation time saved us weeks of downtime.

HJ-SG Solar Container provides reliable off-grid power for remote telecom base stations with solar, battery storage and backup diesel in one plug-and-play solution.

These solar-integrated backup power units combine photovoltaic generation, lithium battery storage, and smart energy control into a compact, transportable container--delivering reliable ...

New Use Energy (NUE) provides critical portable solar and battery storage solutions tailored to the immediate and long-term power needs of communities affected by natural disasters and other ...

I like how these solar containers can be used in various ways, from powering a small clinic with a single unit to supporting a large camp by connecting several together.

High-efficiency Mobile Solar PV Container with foldable solar panels, advanced lithium battery storage (100-500kWh) and smart energy management. Ideal for remote areas, emergency rescue and ...

The Australian Red Cross successfully implemented solar-powered mobile units during the 2019-2020 bushfire crisis. These units operated for weeks without requiring external power, providing ...

Whether you need a compact 100 kWh container or a massive 5 MWh containerized battery, our systems are custom-built to your exact requirements. Scale your storage seamlessly with our ...

Instead of relying on wired electricity or landlines, these devices use solar panels and batteries for power, combined with cellular or VoIP connections for communication.
