Who issued sci-tech innovation bond issuance announcements?

As the first batch of participants, several leading securities firms such as CITIC Securities Company Limited, Guotai Haitong Securities Co., Ltd., and China Securities Co., Ltd. took the lead in issuing sci-tech innovation bond issuance announcements on the Shanghai Stock Exchange (SSE), involving a total scale of more than 16 billion yuan.

Can sci-tech innovation bonds be issued independently?

Support for sci-tech innovation is running at full capacity. In fact, before being allowed to issue sci-tech innovation bonds independently, securities companies have long provided bond issuance underwriting services for technology-based enterprises.

How many sci-tech innovation bonds are underwritten in 2024?

In 2024, China Securities Co., Ltd. underwrote 89.863 billion yuan of sci-tech innovation bonds, accounting for more than 5% of the total bonds underwritten that year. Since 2024, it has underwritten more than 100 billion yuan in total, contributing significantly to the development of sci-tech finance.

Why is sci-tech finance important?

In the process of high-quality economic development, sci-tech finance is crucial to sci-tech innovation and industrial upgrading. In addition to issuing and underwriting sci-tech innovation bonds, how can securities companies further serve sci-tech enterprises?
