The Project will develop the largest combined solar photovoltaic and energy storage initiative in Uzbekistan to date.

Uzbekistan's President inaugurates country's first utility-scale solar and battery storage project with Masdar, plus new BESS and wind deals.

The project was developed by Abu Dhabi-based Masdar. It pairs a 250 MW solar PV array with a 63 MW/126 MWh battery energy storage system (BESS). The Nur Bukhara project also ...

Tashkent, Uzbekistan, May 21, 2024 -- The World Bank Group, Abu Dhabi Future Energy Company PJSC (Masdar), and the Government of Uzbekistan have signed a financial package to fund a 250 ...

The funding will support the construction and operation of a 300-MW greenfield solar photovoltaic plant and a 75-MWh battery energy storage system by Nur Kashkadarya Solar, a ...

Together, the two SPVs will introduce the largest combined solar photovoltaic (1 GW) and BESS (1,336 MWh) capacity in Uzbekistan and across the region. This unprecedented deployment of ...

The World Bank Group, the Government of Uzbekistan, and Masdar have signed a financial package for the construction and operation of the project.

The EBRD is providing \$142mn to develop Uzbekistan's largest combined solar photovoltaic and battery energy storage project, totaling 1 GW capacity and boosting renewable ...
