-----

Yanhe Technology develops and manufactures advanced high-efficiency perovskite solar cells, continuously innovating in stability, efficiency, and cost performance to unlock new possibilities ...

China's Yanhe Solar has announced that it has signed an investment agreement with Changde City, Hunan Province, China, to establish a new perovskite material production base with a ...

The company specializes in the research, development, production, and sales of large-area, high-efficiency, low-cost single-junction and tandem perovskite solar cell modules for both centralized and ...

Featuring its flagship Qiguang and Qiongyin perovskite photovoltaic series, the company attracted strong interest from attendees and industry partners, leading to multiple strategic ...

Yanhe Solar, established in 2024, has signed an investment agreement worth approximately RMB 1 billion (\$137.91 million) with Changde City, Hunan Province, to build a new ...

Founded in February 2024, Yanhe Technology is an innovation-driven enterprise specializing in the R&D and manufacturing of perovskite solar cell modules. The company has secured investments from...

Yanhe's products provide revolutionary energy solutions for consumer electronics, AIoT, and portable power applications, significantly extending operational endurance while advancing the development ...

Founded in 2024, Yanhe Solar is a developer of perovskite-based PV. It is said to have secured angel funding from Chaoxi Capital, Changde Caixin Financial Holding, and Glory Capital Management .

Yanhe Technology develops perovskite solar modules and indoor low-light energy harvesting solutions for smart home, IoT, and consumer electronics, enabling battery-free and sustainable power.
